Objective

Hi, I'm Aditi Gite, a passionate and curious learner currently in my second year of studies. I have a strong interest in programming and have explored C, C++, and Python, and I'm currently expanding my skills by learning Java. I enjoy problem-solving and continuously challenging myself with new technologies. I'm excited to keep growing in the world of software development and explore different fields in tech.

Education

B.E. in Computer Engineering

R.H. Sapat College of Engineering

Expected Graduation: 2027

Technical Skills

- Programming Languages: C, C++, Java, Python
- Web Technologies: HTML, CSS, JavaScript
- Frameworks: Django, Flask
- Tools: Git, SQLite, VS Code

Projects

- Library Management System - A full-stack Django app using SQLite and HTML/CSS frontend.
- GPF Calculator - A Django-based financial app with simple UI.
- Portfolio Website - A multi-page portfolio site with coffee-themed UI.
